

How Can We Help You?

INDEPENDENT AUDIT

LEADERS IN BOARD EFFECTIVENESS

How we support Chairs

Chairs are faced with numerous challenges ensuring the effectiveness of the board, engaging board members, and prioritising the initiatives that will unlock the potential of your organisation.

Independent Audit's practical approach to board evaluations generates valuable insights to inform the board's decision making and provide clear direction on the most important actions it needs to take. We help you build a foundation for constructive board discussion and collaboration so you can lead the board in pursuit of the strategic objectives that will create the most value for your organisation and stakeholders.

- > Build a solid governance foundation
- > Ensure optimal board composition
- > Promote alignment and transparency
- > Mitigate against current & future risk
- > Define and integrate ESG priorities
- > Improve your leadership skills

How we support Company Secretaries

Company Secretaries are juggling multiple priorities and responsibilities in support of the Chair and the Board. Ensuring an effective board evaluation can be an incredibly time-consuming process taking focus away from key strategic initiatives.

Independent Audit will tailor a board evaluation programme to your board's unique requirements and ensure you meet any compliance or regulatory requirements. You can rely on our years of experience in practical governance and be assured we will deliver a high-quality, actionable evaluation that delivers real value for the board and your organisation.

- > **Streamline workflows:** Leverage our expertise and support to simplify the evaluation process
- > **Code compliance:** Ensure your evaluation complies with all code and regulatory compliance requirements
- > **Detailed reporting:** Clear, detailed reports ready for board review
- > **Outcomes-focused approach:** Evaluations designed to drive board effectiveness, not a tick box exercise
- > **High-quality insights:** Deliver valuable insights to drive informed decision making
- > **Sustainable process:** Establish a seamless process to keep focus on progress year on year

Let us help you create the right approach for your board.
